37.1 General information.

Deferrals. Available budgetary resources may be withheld from obligation temporarily through the apportionment process with the intent of apportioning them for later use before they expire. Such deferral action may be taken by OMB on its own initiative or at the request of an agency. Funds may also be deferred by the agency (i.e., agency deferrals) but they are not reflected in the apportionment process.

Rescissions. Generally, amounts proposed for rescission will be withheld during the time proposals are being considered by the Congress. This may be accomplished through apportionment action or through agency withholding action. When approved by OMB, funds may be proposed for rescission without being withheld.

For amounts withheld through the apportionment process, the following instructions will apply with respect to entries for enacted and proposed rescissions and deferrals on the SF 132 and SF 133. (For timing of apportionment actions, see sections 34.3, 34.4, 38.10, and 38.11.)

37.2 Use of SF 132.

The following instructions will apply with respect to rescissions and deferrals. (See section 35.1 for a description of all entries on the SF 132.)
